

Oh Carol

Neil Sedaka

C:IV / G-DUR

Oh! Carol, I am but a fool
Darling, I love you though you treat me cruel.
You hurt me, and you made me cry
but if you leave me, I will surely die.

Darling, there will never be another
'Cause I love you so!
Don't ever leave me!
Say you'll never go
I will always want you for my sweetheart
No matter what you do!
Oh! Carol I'm so in love with you.

*Oh! Carol, I am but a fool
Darling, I love you though you treat me cruel.
You hurt me, and you made me cry
but if you leave me, I will surely die.*

Darling, there will never be another
'Cause I love you so! Don't ever leave me!
Say you'll never go
I will always want you for my sweetheart
No matter what you do!
Oh! Carol I'm so in love with you.
